Dear friends and colleagues

**RE: INVITATION TO THE 4TH AFRICAN PAEDIATRIC NEPHROLOGY
ASSOCIATION SCIENTIFIC CONGRESS**

On behalf of the **Kenya Renal Association**, I wish to invite you to the **4th African Nephrology Association Annual Scientific Congress**, held under auspices of **African Paediatric Nephrology Association Scientific congress (AFPNA)** and **International Paediatric Nephrology Association (IPNA)** from 19th to 21st March 2009 at Laico Regency Hotel, Nairobi, Kenya.

This year's theme is "**Improving Outcome of Kidney Diseases in Children in Developing Countries**".

This congress will be a unique forum that brings together pediatric Nephrologists and Physicians from Africa to deliberate on issues, gain knowledge and share experiences in a variety of areas of the profession. There will also be several invited guests from the Middle East, Asia, Europe and America.

The congress also provides an excellent opportunity for professionals, health policy makers and other service providers to interact and create linkages and networks. You are please requested to seek sponsorship as the Association will be unable to cater for your expenses from our meager finances

A brochure containing congress details will be forwarded to you in due course.
